

NIS-ECO MARKET

A sustainable cycle born in Niseko that gives new life to unwanted items

Winter gear used by visitors to Niseko,
along with donated items from supporters.

Still in good condition,
ready to be passed on to someone new.

Value what we have.

Support one another as a community.

Creating a kind, sustainable cycle
starting here in Niseko.

All proceeds from the market will be donated to local welfare facilities.

DATE

May 30 (Sat)

About the
NIS-ECO
Project

The NIS-ECO Project was launched to reduce environmental impact in the Niseko area, starting with what we can do.

We have been working on tree planting, environmental education, and donations to support Niseko's future.

The NIS-ECO Market is our next challenge.

By connecting visitors, businesses, and local residents, we aim to support local welfare organizations and build a better future together.

Donation Examples

- Certified NPO Tomoni (Kutchan)
- NPO Niseko Seikatsu no Ie (Niseko) and other local welfare facilities.

We are currently accepting item donations and looking for supporters.

Organized by

NPO Niseko Mirai Support Team (NPO)
888-7 Soga, Niseko-cho, Abuta-gun, Hokkaido 048-1522, Japan
